Muhammad **Waqas Asif**

[VIDEO EDITOR]

BS Data Science
7TH SEMESTER · IN PROGRESS

Video editor specialising in short-form ad content for DTC and e-commerce brands, combining Premiere Pro editing, After Effects motion graphics and AI-generated UGC ad production. Delivered product ads, promos and social content across skincare, wellness, fragrance and apparel, directly and through creative agencies. Builds custom AI ad pipelines with ComfyUI and n8n to produce UGC-style ads at scale.

Experience

FREELANCE VIDEO EDITOR
REMOTE · Q4 2024 – PRESENT

Edit short-form product and ad content for DTC / e-commerce brands, delivering Premiere Pro edits and After Effects motion graphics.

Produce AI-generated UGC / influencer product ads (9:16) using custom ComfyUI generation workflows and n8n automation.

Create SaaS promo and walkthrough videos and niche motion edits across real estate, short-term rental and trending social formats.

Collaborate with creative agencies and, currently, an editing team to deliver client ad campaigns on schedule.

Selected Projects

AI UGC ADS
AI-influencer product ad campaigns, vertical 9:16, built with ComfyUI generation workflows.

SAAS PROMOS
Promo and walkthrough videos for Orbit Trading, Bugzy.io, iMedia and Resid.

MOTION EDITS
Real estate, short-term rental (Airbnb), trending and story-based social formats.
